

QUICK START GUIDE FLEXIBLE EAR INSERT

**COMPATIBLE WITH:
VT600 SERIES, VT602 STEREO & VT610TC EARPHONES**

Swiss precision for excellent audio quality

VOICE TECHNOLOGIES

The FLEXIBLE EAR INSERT is made for highest wearing comfort requirements. Insert the RIGHT ANGLE JOINT into the small hole of the FLEXIBLE EAR INSERT.

Carefully insert the FLEXIBLE EAR INSERT into the ear. The attachment points should only be in the outer ear area and there should be virtually no pressure in the inner ear canal. The ELBOW TUBE is mounted around the ear.
